DR BEN DUKE

PSYCHIATRIST

Dr Ben Duke completed his medical studies at the University of Newcastle in 1999 and received his Fellowship of the Royal Australian and New Zealand College of Psychiatrists in 2008. Further study undertaken includes a Certificate of Advanced Training in Consultation Liaison Psychiatry. He has also completed Master of Health Administration and Master of Public Health degrees.

Dr Duke is currently a Consultant Psychiatrist at the Belmont Private Hospital Connolly Clinic. He has previously held Consultant Psychiatrist positions at Princess Alexandra Hospital in Brisbane, Caboolture Hospital and Royal Brisbane and Women's Hospital.

Dr Duke has completed the Comcare training and is certified in personal injury assessment. His assessment specialities encompass psychiatric sequelae of brain injuries, anxiety, depressive disorders, posttraumatic stress disorder and mood disorders.
