BIOGRAPHY

Dr Dare graduated in 1978 from the Adelaide University Medical School and in 1986 became an Occupational Physician.

As an Occupational Physician Dr Dare has gained extensive experience in the risks and hazards associated with workplaces working with The State Transport Authority, South Australia, Worksafe WA, The WA Police Department and Royal Perth Hospital.

Since joining Next Health 16 years ago he has reviewed over 12000 cases, which includes 4000 permanent impairment assessments.
