BIOGRAPHY

I have always worked full time in psychiatry since obtaining my fellowship. It has varied in the amount of time I spend with each organisation.

I worked as a Consultant Psychiatrist North Metro Older Adult Mental Health since 2010 with gradual decrease in time until I was only working with them half time in 2017. Then I started working half time with St John of God 2017 to 2020. In 2021, I work half time with North Metro Older Adult Mental Health and the employment continues.

Currently I work half time at North Metro Older Adult Mental Health. The rest of the time is spread between MLCOA, OSH group, and the Marian Centre. I was successful in obtaining a 5-year position working one day a week also in Next Step Drugs and Alcohol services for youths. This is set to commence from May 2021.

LOCATION

Wembley
