BIOGRAPHY

I am a registered medical practitioner in the state of New South Wales and a registered consultant psychiatrist working in both the private and public sector.

I hold Bachelor of Medicine and Bachelor of Surgery degrees from the University of Sydney (1980).

I completed my postgraduate training in psychiatry in Sydney in 1986 and I am a Fellow of the Royal Australian and New Zealand College of Psychiatrists.

I have completed training as a psychoanalyst with the Australian Psychoanalytical Society and I am a full member of that organisation. I am a training analyst in the society.

I have completed training as a psychotherapist with the New South Wales Institute of Psychoanalytical Psychotherapy and I have been a full member of that organisation. I have held various organisational positions in the past, including president.

I have completed training and gained accreditation in the assessment of permanent impairment with Comcare, WorkCover NSW and the Motor Accidents Authority of New South Wales.

I was first appointed as a Medical Assessor with the Medical Assessment Service of the then Motor Accidents Authority, now State Insurance Regulatory Authority of New South Wales in 2007. I have performed assessments of psychiatric injury since then for an uninterrupted period of 13 years. I have also functioned as a Review Panel Member since 2011.

I was appointed as an Approved Medical Specialist with the Workers Compensation Commission of New South Wales in 2009 and have provided psychiatric assessments of injured workers on a regular basis.

I am in private practice in adult psychiatry in my rooms at 139 Edgecliff Road Woollahra where I specialise in the psychoanalysis and psychotherapy of adult personality disorders.

I have an appointment as a Visiting Medical Officer to the Psychiatry Department of St Vincents Hospital Darlinghurst where I am responsible for the training of psychiatry registrars in psychotherapy.

I participate in the Continuing Professional Development programme of the Royal Australian and New Zealand College of Psychiatrists and have annually met my obligations in this regard.
