BIOGRAPHY

Dr. Lugg is an experienced consultant psychiatrist who has worked in various locations across Australia. He has worked in several locum positions in 2021 and 2022, where he covered different areas of psychiatry, such as community, remote, old age, inpatient unit, emergency department, crisis outreach, consultation-liaison (CL), acute care, and youth community. He has also worked in several training positions, including as an advanced trainee in consultation-liaison psychiatry at Bloomfield Hospital and Royal Prince Alfred Hospital, where he worked in psycho-oncology, palliative care, chronic pain, perinatal psychiatry, and Aboriginal health.

In 2019, he worked as a psychiatry registrar in Lismore and RPAH, where he was involved in liver transplant unit, drug health, community CAMHS, and CL. He has received several academic awards in psychiatry, including the RANZCP Faculty of Psychotherapy Essay Prize and the RANZCP Faculty of Consultation-Liaison Psychiatry Advanced Trainee Abstract Prize. He has also attended various psychiatric education, training, and conference presentations, such as Acceptance

& Commitment Therapy, Brief Intervention 6-week training course, Opioid Treatment Accreditation Course, Leadership & Management Course, and Aggression and Violence Management.

Dr. Lugg has extensive experience in various areas of psychiatry and has received various training and awards in the field.
