## **BIOGRAPHY**

Dr Peter Farnbach is a Psychiatrist with over three decades of experience. He completed his MBBS at the University of Queensland and is a fellow of the Royal Australian and New Zealand College of Psychiatrists.

Dr Farnbach has had a special interest in PTSD for the last 20 years and he has had considerable experience with psychological treatments (particularly EMDR), biofeedback, pharmacological treatment and neurostimulation for both inpatient and outpatient management.

More recently, he has been a part of a group running transcranial magnetic stimulation (TMS) clinics – with a clinic in Ballarat with a caseload of institutional abuse victims.

## **LOCATION**

Melbourne
